

## 12 Years of Amazing UFO Disclosure...

It is 2010 and we are speeding forward in the 21st Century. What is in store for humanity as we progress further into the Aquarian Age... If you are asking questions about who we are, where we've been, where we're going and what our place is in the universe, then you will not find a more exciting and intensive forum from which to learn the answers.

This year we have assembled the most popular speakers in the field of UFO's, including Robert O. Dean, Col. Charles Halt, Paul LaViolette, Nick Pope, Nancy Talbott, Giorgio A. Tsoukalos and Michael Tsarion, and back again this year, George Noory & Jordan Maxwell.

As we celebrate our 12th year, my deepest gratitude goes out to my son Richard Jack, for all of his help and support. To Robert Mitchell, who has kept the show going for the past 12 years; John Rhodes, for his help with the website; our psychic artist Joseph Ernest Martin, my hosts Robert Perala & Ruben Uriarte, who have been with me since the begging; and especially Brenda Guinn for all of her planning assistance and hard work throughout our expo history.

Victoria Jack – Executive Producer

### Robert O. Dean

Mr. Dean's history includes forty years of research in the UFO field. He spent twenty-seven years of active duty in the US Army where he retired as Command Sergeant Major after serving as a highly decorated infantry combat veteran. He also served in Intelligence Field Operations and was stationed at Supreme Headquarters Allied Powers Europe (SHAPE), the military arm of NATO. His Cosmic Top Secret clearance opened the way for his study of the highly controversial document of which he now speaks. He has also worked with FEMA in Arizona, MUFON, APRO, and CUFOS. Mr. Dean majored in ancient history, psychology, and philosophy at Indiana University, completed extensive studies in archeology and theology and holds the equivalent of a masters level degree in Emergency Management. Beyond extensive United States engagements, he has spoken all over the world. He also has countless television, radio, video, and news documentary appearances to his credit and has been honored with three lifetime achievement awards for his contribution to the field of Ufology.

**LECTURE: A few factual and heartbreaking reasons why a full disclosure will not happen in our time. Why the cover-up will continue.**

The true story of "Billy do". Face to face and psychic shock. The Anakim return. The admiral fainted. Charles Fort was right. A few painful personal disclosures.

### Richard Dolan

Richard M. Dolan is the author of the ground-breaking historical series, UFOs

and the National Security State, which chronicles the modern UFO age with an emphasis on military encounters and government secrecy. This work has been acclaimed as the finest history of the UFO phenomenon available in any language.

In 2010, he co-authored A.D. After Disclosure: The People's Guide to Life After Contact. This is the first-ever serious attempt to study the full repercussions of the end to UFO secrecy in our society. It offers feet-on-the-ground speculation on how UFO secrecy might end, and how far-reaching the repercussions will be. In addition to forecasting the winners and losers in government, science, religion, media, culture, law, education, and politics, A.D. After Disclosure analyzes who the "Others" behind the UFO phenomenon may be and how they might affect our world.

Dolan has also published articles, spoken at conferences around the world, and appeared on numerous TV specials as an on-air expert. He has developed fresh insights into the practical challenges and opportunities for a true disclosure of the UFO phenomenon. Prior to his interest in UFOs, Dolan was a finalist for a Rhodes Scholarship, studying U.S. Cold War strategy, Soviet history and culture, and international diplomacy.

**Lecture: After Disclosure. What happens next?**

Many researchers have described the UFO reality and cover-up. Others still have pressed for responsible government officials to disclose the truth. Richard Dolan goes beyond this, to a study of what the world will actually be like when the UFO cover-up ends. He discusses how deep the structure of secrecy has pervaded our society, what factors are most likely to trigger the end of secrecy, and how severe the societal repercussions will be in all facets of our society. The future will be alternately filled with hope, dread, challenges, and opportunity. Richard's presentation will provide a window into how humanity will regroup, cope, and hopefully thrive in the aftermath to the greatest event in human history: the open acknowledgment of "Others" living and operating on planet Earth, alongside our civilization.

### Col. Charles Halt

Charles Halt was a Lt. Colonel in 1980, he was assigned from the Pentagon to RAF Bentwaters, England as the Deputy Base Commander. At the time Bentwaters was the largest Tactical Fighter Wing in the US Air Force. He was promoted to Colonel and became the Base Commander. Later he was assigned to Kunsan Air Base Korea as the Base Commander. Kunsan at the time was the F-16 base responsible for any major offensive action required on the Korean peninsula. He moved from Kunsan to Florennes, Belgium where he was instrumental in establishing the Cruise Missile Base and active in the successful IMF Treaty with the Soviet Union. His final military assignment was Director, Inspections Directorate for the DOD Inspector General, where he had total inspection oversight of the entire Department of Defense.

**Lecture: "Rendlesham Revisited and Updated"**

The presentation will give an overview of RAF Bentwaters/Woodbridge in the 1980's and lead into the unexplained incidents that occurred in Rendlesham Forest over a period of several nights in late December 1980. It will walk one through the events as they took place and explain in detail exactly what happened. The lighthouse claim put forth by several skeptics, will be put to rest. We will discuss the numerous witnesses that have recently come forward, as well as the involvement by various British/American governmental agencies. How the whole event became public knowledge will be explained.

### Leslie Kean

Author of the new book, "UFOs: Generals, Pilots and Government Officials Go On the Record", published by the Crown Publishing Group/Random House ([www.UFOsOnTheRecord.com](http://www.UFOsOnTheRecord.com)). The book includes a foreword by John Podesta and first-person contributions written by highly credible military and government officials from nine countries, including five Generals.

Kean began publishing on the UFO subject in 2000, when her feature story about the French COMETA Report appeared in the Boston Globe. In 2002, she co-founded the Coalition for Freedom of Information (CFI), an independent alliance advocating for greater government openness on information about UFOs and for responsible coverage by the media based on a rational and credible approach. As director of the CFI, she began working on the Kecksburg UFO case in 2002, with the cooperation of Stan Gordon.

Kean was the plaintiff in a successful, four-year Freedom of Information Act federal lawsuit against NASA, in which the agency was required to release hundreds of documents under court supervision. She and her coalition have launched an ongoing initiative to affect US government policy so that scientists and aviation authorities can gain greater understanding of the still-unexplained UFO phenomenon.

Kean was a producer for the 2009 independent documentary I Know What I Saw directed by James Fox, and is currently working with Break Thru Films, an award-winning film company, on a new feature documentary. She lives in New York.

**Lecture: UFOs on the Record**

Leslie Kean will present an in-depth look at some of the lesser known cases and officials presented

in her new book UFOs: Generals, Pilots and Government Officials Go On the Record, and explain this strategy behind the project. She will present an illustrated comparison between the response of the U.S. government to the Hudson Valley UFO wave of the mid 1980's, involving primarily boomerang-shaped objects, and that of the Belgian government to the Belgian wave of 1989/90, during which triangular objects were observed. Documents show that the U.S. government was actively interested in cases overseas since the close of Project Blue Book, but what about here at home? Kean will provide the latest updates and will allow for a lengthy discussion and Q & A.

### Paul LaViolette

Paul A. LaViolette received his BA in physics from Johns Hopkins, his MBA from the University of Chicago, and his Ph.D. in system theory from Portland State. Currently president of the Starburst Foundation, a scientific research institute, he is known for his contributions to physics, astronomy, geology, and electrogravitic field propulsion. Besides his book Decoding the Message of the Pulsars, he has authored four other books—Secrets of Antigravity Propulsion, Subquantum Kinetics, Genesis of the Cosmos, and Earth Under Fire. Further background information can be found at: <http://www.etheric.com>.

**Lecture: Intelligent Communication from the Galaxy**

Paul LaViolette will discuss evidence showing that for over 40 years astronomers have been receiving radio communications of extraterrestrial intelligence (ETI) origin mistaking them as natural objects. Dr. LaViolette will describe how a technically advanced Galaxy wide civilization has developed the ability to produce these signals by using maser beams to create force fields near the surface of a cosmic ray emitting star. He will explain how these beacons likely constitute a galactic GPS system for interstellar navigation to and from our Galactic sector. He will present examples of some field propulsion technologies that have been under development in the U.S. which have thrust-to-power ratios of up to 300,000 times that of the Space Shuttle main engine and will also discuss a gravity impulse beam technology that could allow superluminal travel to distant star systems.

### Dr. Roger Leir

Dr. Roger K. Leir, author of the "Aliens and the Scalpel-First and Second Edition", "UFO Crash in Brazil", "Casebook Alien Implants", "Chopped Liver" and three other books published outside the United States, including "Implanted Alienegenas" published in Portuguese in Brazil, and "Ovnis and Implants" published in France by Le Mercure Dauphinois.

It has been said that Dr. Leir is one of the world's most important leaders in physical evidence research involving the field of Ufology. He and his surgical team have performed sixteen surgeries on alleged alien abductees. This resulted in the removal of seventeen separate and distinct objects suspected of being alien implants. Dr. Leir is a Podiatric Surgeon, who has been in private practice in Ventura County, California, for the past 43 years. Dr. Leir anticipates performing more surgeries in the future and is investigating the physiological and biological aspects of the abduction phenomenon. He has formed a 501(C) 3 non-profit organization for this purpose called "A & S Research Inc."

**Lecture: Where do the Visitors come from? The Science of Alien Implants Gives Us Some Clues**

Dr. Roger Leir will present new material based on the findings of his 15th and 16th surgeries for the removal of non-terrestrial implants in humans. He will detail the facts surrounding the latest abduction case, which not only

involved the implanted abductee but his two very close childhood friends as well. He will show some of the visual results of the regressive hypnosis sessions performed by noted hypnotherapist Yvonne Smith, as well as a portion of the actual surgical footage. Dr. Leir also plans to have one of the nations leading scientists in the field of nanotechnology explain some of the complex scientific findings. No one truly interested in the UFO subject should miss this presentation

## Jason Martel

For over 15 years, Mr. Jason Martell has been one of the leading researchers and lecturers specializing in ancient civilization technologies. Mr. Martell's research has been featured worldwide on numerous television and radio networks such as The Discovery Channel, The History Channel, Sci-Fi Channel, the BBC and others.

Most recently, Mr. Martell garnered worldwide attention by recreating a working model of one of science's most prolific mysteries – the "Baghdad Battery." Lecturing throughout the world, Mr. Martell has dedicated his studies to ancient artifacts and the Sumerian culture by using the latest in scientific research, supporting evidence, and data. He corroborates his findings with principal scholars such as Zecharia Sitchin and Naval astronomer, Dr. Robert Harrington. Mr. Martell holds regular discussions with NASA scientists on the subject of Planet X, Ancient Astronauts and the structures on Mars.

### Lecture: Ancient Technology - The Extraterrestrial Connection

All the ancient cultures speak of a time when they had a connection with beings not from earth, that were both spiritually and technologically more advanced than us.

## James Penniston

James Penniston entered the Air Force in 1973 and served twenty years active duty in the US Air Force. He was assigned to the Strategic Air Command Elite Guard in Omaha Nebraska, providing security for General Officers, Congressmen, Heads of States, and the President and members of his Cabinet. Numerous other assignments followed, including service in Desert Shield and Desert Storm. Also he provided security for Air Force One.

The most notable assignment began in July 1980, he was assigned as a Security Police Supervisor, at RAF Bentwaters England. A twin base with RAF Woodbridge, together they massed the Largest Tactical Fighter Wing in the USAF. On the night of December 26th 1980, Sergeant Penniston was the Security Police Supervisor for all security forces at RAF Woodbridge. Sergeant Penniston lead the investigation of a craft-of-unknown-origin, which had landed and subsequently took off, after an on-ground investigation which lasted for more than 45 minutes.

Mr. Penniston's account of the Rendlesham Forest Incident, has been featured worldwide on numerous television and radio networks such as The Discovery Channel, The History Channel, Sci-Fi Channel, London Weekend Television, the BBC and others. He is a contributor in several books, most recently

with Leslie Kean. He and other witnesses have developed a "Return to Bentwaters" 30th year anniversary of the Rendlesham Forest Incident. The event will be held in London, England. On the 28th of December this year.

### Lecture: The Rendlesham Forest Incident 1980

Rendlesham Forest Incident December 26th 1980, an account by the Senior Security Forces Supervisor and on-scene Commander of the investigation of a craft-of-unknown-origin, adjacent to the East Gate of RAF Woodbridge. Mr. Penniston will discuss the deployment of security forces, investigation findings, and the aftermath of the report. The military's best documented and most witnessed case in history.

## Nick Pope

Author, journalist and TV personality Nick Pope used to run the British Government's UFO project at the Ministry of Defense. Initially skeptical, his research and investigation into the UFO phenomenon and access to classified government files on the subject soon convinced him that the phenomenon raised important defense and national security issues, especially when the witnesses were military pilots, or where UFOs were tracked on radar. While working on the MoD's UFO project Nick Pope also looked into alien abductions, crop circles, animal mutilations, remote viewing and ghosts. He is now recognized as a leading authority on UFOs, the unexplained and conspiracy theories. He does extensive media work, lectures all around the world and has acted as presenter, consultant or contributor on numerous TV and radio shows.

### Lecture: Alien Life and World Implications

On January 25 and 26 the prestigious Royal Society in London held a two day discussion meeting about the search for alien life and the implications for the world if it is discovered. The full title of the event was "The detection of extraterrestrial life and the consequences for science and society". Attendees included representatives from NASA, the European Space Agency and the UN Office for Outer Space affairs. Physicists, chemists, biologists, astronomers, anthropologists and even theologians came together to discuss a subject which, a few years ago, the mainstream scientific establishment would have frowned upon. Nick Pope was present at this historic occasion, attended all the presentations and had discussions with many of the key speakers and attendees. His lecture will give an overview of what was discussed and will address the wider implications of the Royal Society's engagement on this issue.

## Nancy Talbott

Ms. Talbott is President of the BLT Research Team, Inc. For the website go to: [www.bltresearch.net](http://www.bltresearch.net), a non-profit, tax-exempt U.S. corporation whose primary purpose is the systematic scientific evaluation of physical evidence recovered in connection with various "anomalous" phenomena—with particular focus on the crop circle phenomenon.

Three papers published in the scien-

tific literature during the 1990s, presenting BLT's crop circle research, are the only peer-reviewed information on that subject currently available; Ms. Talbott is co-author (with W.C. Levensgood) of the 1999 paper "Dispersion of energies in worldwide crop formations."

The 2004 report of an x-ray diffraction analysis of clay minerals in crop circle soils revealed a statistically-significant increase in the degree of crystallization of specific minerals in the surface soils of the study case. Financed by Laurence Rockefeller. This study clearly reveals that energies unknown to science had been present—and did cause permanent changes, apparently simultaneously and anomalously, in both the plants and soils.

Recently Ms. Talbott has been documenting spectacular events occurring in connection with a young Dutch medium, Robbert van den Broeke, and in and near the crop circles in his area. Robbert is the only known individual who accurately "knows" when and where new circles in Holland are forming, and his 15 years of bizarre experiences in and around those circles (many of which events Ms. Talbott has personally witnessed)—and the thousands of highly anomalous photographs he continues to take—have added a new dimension to the crop circle mystery.

### Lecture: Crop Circles: The Science & The Sublime

A brief overview of the VISIBLE physical abnormalities to look for in the plants and soils in genuine crop circles and a discussion of the 2002 clay-mineral x-ray diffraction study results will be presented. Then the focus will shift to the ongoing and truly bizarre events, which, since the mid-1990s, have been manifesting around the young Dutch medium, Robbert van den Broeke. Robbert is the only person yet known to consistently and accurately predict exactly when and where new circles will occur. Ms. Talbott has been present during some of these events herself, witnessing two circles as they actually formed. A large array of highly anomalous photographs, all taken by Robbert (often while inside crop circles, or at fields where circles have formed in the past) using cameras belonging to many different people (and with the camera-owners present and watching him) will be shown, along with documentation which indicates not only the presence of—but evidence of multiple apparently deliberate responses—from an unseen consciousness external to any of the individuals present.

## Giorgio A. Tsoukalos

Giorgio A. Tsoukalos is the Consulting Producer and star of the History Channel's ANCIENT ALIENS - THE SERIES (2010) and publisher of *Legendary Times Magazine*, the only Ancient Astronaut publication in the world. Giorgio is the real-life Indiana Jones and he is changing the way the world thinks about the Ancient Astronaut Theory.

As the world's leading Ancient Astronaut expert, Giorgio has starred in and appeared on The History Channel, the Travel Channel, the National Geographic Channel, the Sci-Fi Channel, Coast to Coast AM, and many other international television and radio programs such as

UFO HUNTERS and ANCIENT ALIENS reporting about the latest discoveries in the Ancient Astronaut field.

Tsoukalos has traveled the world extensively (54 countries ...and counting). Today, he is one of a few people who have actually visited and explored nearly all the mysterious places our planet has to offer.

### Lecture: Gods or Ancient Aliens?

All over the ancient world, whether it is in South America, Africa, the Far East, Asia and/or Europe there are references to what our ancestors called "the gods". Tsoukalos asks the question, "WHO were these so-called gods?" Were they really just figments of our ancestors' imagination, or were they flesh and blood

extraterrestrials who visited our ancestors in the remote past? Sometimes those beings were also referred to as "the guardians of the sky" and "the teachers from heaven". In the ancient texts, there are thousands of references of these strange beings who, a long time ago, descended from the sky.

Not only are there references of extraterrestrials in countless ancient texts, but there are also ancient figurines and carvings depicting some type of strange beings, and there are the massive, megalithic structures as well. Join Giorgio as you travel around the world with him collecting the pieces for a gigantic puzzle. Anyone who has ever put together a puzzle knows that the more pieces come together, even if the puzzle is not 100% complete, you CAN already see the finished piece.

The Ancient Astronaut Theory presents different puzzle pieces all of which culminate in one revolutionary conclusion: All ancient cultures were visited by extraterrestrials. Find out about your true cosmic origin today!
